

PORTA-COLOR TELEVISION CONTROLS

FOR COMPLETE STEP-BY-STEP SIMPLE TUNING INSTRUCTIONS READ "HOW TO ENJOY YOUR GENERAL ELECTRIC PORTA-COLOR TELEVISION"

EARPHONE JACK—This is located under the lower front edge of the cabinet and provides output for an earphone or a pillow speaker for private listening. Inserting the plug from either unit removes sound from the set speaker. General Electric dealers have available the earphone (ET90X28) or the pillow speaker (ET90X34) at nominal cost.

MAGIC MEMORY TUNING—The small knobs above have reference indicators. Quality Control at the factory has adjusted your receiver on a normal strength signal so that optimum picture performance is attained when the indicators are pointing straight up. If you should choose different control settings due to signal conditions in your area, reset the controls the way that you wish them and then pull off the knobs and push them back onto the control shafts with the indicators pointing straight up. This allows you to return to your favorite adjustments immediately in case of an accidental misadjustment.

The **HORIZontal HOLD** and **CONTRast** controls are located at the rear of the receiver. Do not attempt to adjust any other controls found at the rear of the receiver. Their adjustment is critical and requires the attention of a qualified technician.

Portable Warranty

General Electric Company warrants to the purchaser of each new General Electric portable television receiver that should the picture tube or other parts originally installed in the receiver prove to be defective in material or workmanship, a new or functionally operative picture tube or part will be made available in exchange for the defective tube or part according to the following schedule:

PICTURE TUBE—One Year

ETCHED CIRCUIT BOARD—Lifetime (See below)

ALL OTHER PARTS INCLUDING RECEIVING TUBES AND/OR TRANSISTORS—
Ninety (90) Days

The above listed time schedules run from the provable date of original purchase or gift.

FREE CARRY-IN SERVICE

Free carry-in service (including labor and parts) in the event of manufacturing defects occurring during the first 90 days from the date of original purchase for use or gift will be provided for the picture tube and parts on condition that the receiver (including proof of the purchase date) is brought to and picked up from an authorized General Electric television service station anywhere in the U.S.A. In the event that this television set is received as a gift prior to any use, the foregoing service warranty will run from the date of receipt of the gift.

In-warranty Home Service is available in most locations at regular home service labor charges which are not covered hereunder.

General Electric portable television receivers obtained through trading stamp plans, as premiums, or in sales contests or the like, will be serviced during the warranty period in accordance with the instructions contained on the special warranty card provided with such receivers.

ETCHED CIRCUIT BOARD WARRANTY

The etched circuit board in all General Electric television receivers, exclusive of parts mounted thereon, is guaranteed to be free of manufacturing defects for the lifetime of the television receiver. General Electric Company will, at its option, repair any defects or accept claims for such repairs at no cost to the user provided necessary repairs are made by

- a. General Electric Distributor
- b. Franchised General Electric Dealer
- c. Authorized Independent Service Station

GENERAL PROVISIONS

These warranties are made only to purchasers located and purchasing within the continental United States, Alaska or Hawaii. These warranties do not cover defects resulting from accident, alteration, improper use, tampering, or failure of the purchaser to follow normal operating procedures outlined in the user's manual, nor, for example, does it cover damage resulting from acts of God such as floods, tornadoes, or lightning. Parts or picture tubes replaced under these warranties are warranted only through the remaining portion of the original warranty.

THE FOREGOING WARRANTIES ARE IN LIEU OF ALL OTHER WARRANTIES, EXPRESS, IMPLIED, OR STATUTORY, INCLUDING ANY WARRANTY OF MERCHANTABILITY, AND ALL OTHER OBLIGATIONS OR LIABILITIES OF EITHER GENERAL ELECTRIC COMPANY, ITS DISTRIBUTOR, FRANCHISED GENERAL ELECTRIC DEALER, OR AUTHORIZED INDEPENDENT SERVICE STATION; none of whom assumes nor authorizes any person to assume for them any other obligation or liability in connection with a General Electric television receiver. In no event shall either General Electric Company or its Distributor, or franchised dealer, or Authorized independent Service Station, be liable for either special or consequential damages or for any delay in the performance of these warranties due to causes beyond their control. The above warranties are the separate obligations of General Electric Company, the Franchised General Electric Dealer, and the Authorized Independent Service Station, and neither is for any purpose whatsoever the agent of the other.

The name and address of your nearest authorized General Electric television service station is available from any franchised General Electric dealer.
